PA PAVING AWARDS

The Pennsylvania Asphalt Pavement Quality Awards Program continues as a cooperative effort between the Pennsylvania Asphalt Pavement Association (PAPA), the Pennsylvania Department of Transportation, and the Pennsylvania Turnpike Commission. The awards program recognizes excellence in asphalt pavement construction.

Projects constructed in 2020 and selected for the paving awards will be recognized at our annual conference on January 19, 2021.

The following rating criteria is used to determine one award recipient per District, and one for the Turnpike.

- Ride (Smoothness)
- Mix Quality (AC, No. 8, No. 200, PWL Bonus, etc.)
- Joint Construction (Longitudinal, Transverse, Bridge)
- Mat Compaction
- Innovative Features (SMA, GTR, Safety Edge, Crack and Seat, QC efforts, Fibers, etc.)
- Contractor Responsiveness

A suggested minimum size project is 2,500 tons of mainline placement. The materials producer and/or paving contractor on the project does not have to be a PAPA member.
